Dear Dr. Velmurugan,

I am sending the Abstract by Email. This submission would be followed by a conventional post dispatch of the hard copies which should reach you during the next week.

Regards,

Aravamudhan

To,
Dr. D. VELMURUGAN (Convener)
Professor and Head
CAS in Crystallography and Biophysics
University of Madras, Guindy (Maraimalai) Campus
Chennai 600 025
INDIA

Dear Prof. Velmurugan,

Till now I have not received any brochure/announcement circulars for the IBS2012 at my address as given in the attached Registration Form. After a google search when I hit upon the website for IBS2012 <http://bif.unom.ac.in/ibs/index.html> I made a telephonic inquiry to Prof. Chary TIFR (Since I could not find much mention of the IBS2012 at the TIFR links where it is usual to find) and Prof. Chary told me the programs are being finalized and I would be informed about it. Since as per the web-page cited above today happens to be the last date for Registration (and the Page contents did not differ much from what I saw earlier) I take this initiative to send the Registration Form and indicate my interest in participating in the IBS2012.

I would be in Chennai on 9 January 2012 (after attending the 99th Indian Science Congress2012 at Bhubaneswar) and soon I shall pay the registration Fees (if delayed, latest on the spot: I hope that the spot registration would be possible.) Please kindly note that the IBS Registry of Life members bears my earlier email address for contact which should be deleted and this new (alternate) email address: inboxnehu_sa@yahoo.com is to be posted.

I look forward to meet you in the Guindy Campus of UOM.

With Regards,
S.Aravamudhan
